

HARGROVE

PARTNER ONBOARDING · IMPLEMENTATION

HARGROVE × CAPTRUST

Our onboarding plan to equip CAPTRUST advisors to confidently make referrals to Hargrove, with a mutual plan to reach your goals.

September 11, 2026 · Confidential —
prepared for CAPTRUST

A team that knows your firm.

Tim Fisk

SVP, PARTNERSHIPS

Liaison with firm leadership on strategy and the partnership.

tfisk@hargrovemso.com

Mo Zoubi

DIRECTOR, RELATIONSHIP
MANAGEMENT

Runs implementation, launch and your reporting.

mzoubi@hargrovemso.com

Sarah Delaney

SENIOR RELATIONSHIP
MANAGER II

Your ongoing contact for advisor training and activation.

sdelaney@hargrovemso.com

Megan Gaskin

LEAD ATTORNEY

Leads the attorneys handling CAPTRUST client engagements.

mgaskin@hargrovetfirm.com

Virginia Fay Pack

CUSTOMER SUCCESS

An extra layer of leadership and support to ensure success.

virginia@netlaw.com

Named contacts, not a support queue. Mo runs your implementation and hands to Sarah as your ongoing relationship manager; Megan leads the attorneys on your advisors' matters.

Why we're partnering.

Before the mechanics: the goals CAPTRUST told us this partnership is meant to serve, and what we already know about how you want to roll it out.

Why CAPTRUST chose Hargrove	Filling the gap for a trusted partner in estate planning with an attorney-led offering that serves clients across all 50 states.
------------------------------------	--

How we define success	Rolled out and actively utilized across CAPTRUST's advisor base. How do you quantify that coverage?
------------------------------	--

The rollout plan to reach your goals	Firm-wide announcement and regional webinars, plus ongoing one-to-one support for your advisors.
---	--

Everything we plan today is in service of increasing visibility into your clients' financial lives.

WHAT WE COMMIT TO

How advisors hear about our partnership.

A leadership announcement gets attention. Regional sessions get engagement. One-to-one support turns engagement into referrals.

1

Firm-wide announcement

From CAPTRUST leadership, in whatever channel your advisors already expect to hear from you.

2

Regional sessions

Region by region, so advisors can ask real questions and see the portal at their own pace.

3

Ongoing 1:1 support

Every advisor has a dedicated contact for demos, walkthroughs and questions — for the life of the partnership.

WHAT WE ASK OF CAPTRUST

- ✓ A named internal point of contact for advisor and operational questions
- ✓ Brand assets and SSO details up front
- ✓ A leadership-led announcement, in the format that fits your calendar
- ✓ Referrals through the portal, so every engagement is tracked
- ✓ Advisor feedback openly — good or bad — so we can adjust quickly

Partners who lean on their dedicated relationship management team see the most success.

Four phases.

Phases 1–3 run sequentially.

Phase 4 begins at go-live and continues for the life of the partnership.

TO CONFIRM

How many regions, and in what order?

Advisor count in scope, how CAPTRUST breaks into regions, and whether one is the obvious first mover.

1

PHASE ONE

Portal Setup

WHAT WE NEED

WHY WE NEED IT

☒	Legal entity name (exact, with corporate suffix)	Used on advisor-facing materials, the portal footer, and the service agreement
☒	Website URL	Drives portal branding consistency and outbound link references
☒	Brand guide + SVG logo	Allows our team to match your visual identity in the advisor and client experience
☒	SSO type — Okta, Google OAuth, Duo, Salesforce, Azure / Microsoft	Determines authentication setup and integration timeline — engage your IT team early
☒	Known launch timelines or freeze windows	Helps us sequence portal go-live around your firm calendar

We'll send a short form right after this call, pre-filled with what we already know, so nothing here needs chasing by email. Typical timeline: 2 weeks for SSO protocols we have already integrated. New protocols add engineering time on the front end.

PHASE TWO

Announcement & Training

How do you communicate with advisors today?

We'll find success by folding into the channels where your advisors already expect to hear from you.

WHAT WE BRING TO EACH SESSION

- ✓ A live, end-to-end walkthrough of the advisor portal, led by your relationship manager
- ✓ The four-stage client engagement process — what advisors send, what we deliver, what their clients experience
- ✓ Live Q&A with a Hargrove attorney, so advisors hear from the legal team handling their clients
- ✓ A leave-behind advisor guide and a recording for anyone who misses it live

AN ADDED RESOURCE FOR YOUR ADVISORS

David Haughton, JD, CPWA®

A widely respected voice on estate planning for advisors. We're glad to have David joining Hargrove, and sessions with him are included for our partners as part of ongoing advisor education.

72%

Why this matters: as an example, one partner firm's monthly referrals rose 72% the month after its leadership put Hargrove in front of advisors.

3 PHASE THREE **Go-Live**

Once your portal is live and your advisors are trained, referrals start flowing. Most advisors complete their first client referral within days of training — the portal is intuitive, the four-stage process is repeatable, and every advisor has a self-serve guide.

Your relationship manager monitors early activity closely, flags first-referral advisors for a personal touch, and steps in proactively if anything looks off.

FIRST REFERRAL WINDOW

Days

Not weeks. Most advisors complete their first client referral within days of training. Our team is here to answer questions where needed, and we provide self-serve resources to make it easy.

PHASE FOUR

Ongoing Partnership

30

DAY CHECK-IN

- ✓ Review first-referral activity and advisor engagement
- ✓ Surface any portal, training, or attorney-fit issues
- ✓ Confirm internal champion and feedback loop are working as intended

60

DAY CHECK-IN

- ✓ Identify top early adopters and emerging power-user advisors
- ✓ Root-cause any advisors who haven't engaged yet
- ✓ Adjust messaging or training if specific cohorts need additional support

90

DAY CHECK-IN

- ✓ Review activation rate against benchmark
- ✓ Pull early client experience signals
- ✓ Align on expansion levers — additional cohorts, deeper integration, or marketing co-investment

RECURRING SYNC

Monthly or quarterly — whichever cadence fits your firm best. Some partners want a monthly working session; others prefer a quarterly executive review. Our interest in your success doesn't stop after launch.

Visibility into how activation is going.

Example of the report you'll receive monthly, so you can see how activation is going across your advisors.

- 1

The full funnel

Referral through executed documents, and the conversion rate at every stage in between.
- 2

Which advisors are leading

Named, ranked, with close rates — so recognition and coaching both have somewhere to land.
- 3

Where the opportunities are

Advisors yet to refer, engagements sitting without a consultation, and cohorts that need support.

Sample report — all names and figures are illustrative. This view is moving into the advisor portal, so it becomes self-serve for your team.

WHAT SUCCESS LOOKS LIKE

Helping advisors serve their clients better.

Our goal is to fill the gaps in your clients' estate planning — not to replace relationships that are already working. Some advisors have long-standing attorney relationships, and those should continue.

Visibility, not volume

Success is knowing where your clients stand on estate planning — which is invisible today when referrals go outside the platform.

Coverage where there is none

Most advisors have clients with no plan at all. That gap is the opportunity, and it is a large one.

Advisor judgement respected

Advisors choose when Hargrove is the right fit, and maintain valued local attorney relationships.

How we define success: more of your clients with a plan in place and visible to you. This doesn't mean 100% of CAPTRUST's estate planning referrals will come to Hargrove, but an increased volume will increase visibility.

Advisors are set up to succeed.

Platform Walkthrough Video

A recorded end-to-end demo of the advisor portal — what to expect, where to click.

Advisor Guide

A step-by-step PDF on the four-stage client engagement process, from first conversation to final delivery.

Advisor Portal Resources Tab

Pricing reference, marketing materials, and referral instructions — all in-portal, no email chain required.

Advisor Success Team

A direct contact, not a support queue. For partnership-level questions, scope clarification, and escalations.

Advisors have what they need to refer their first client confidently — and to keep going from there.

NEXT STEPS

The most important thing to ensure success:
agreeing on concrete steps for rollout.

1

**Who owns your advisor
comms calendar?**

The person who controls how and
when CAPTRUST talks to advisors.

2

**A target date for the first
session**

Even approximate — it anchors
everything else.

3

Firm calendar

Key dates for CAPTRUST so we can
plan around freeze windows and
busy seasons — board meetings,
planning season.

4

Your internal champion

One named person for advisor
questions and the internal push.

The service agreement and portal setup inputs run on a parallel track.

YOUR DIRECT CONTACTS

FAQ.

How long does setup actually take?

Most partners go from signed agreement to launched portal in 4 weeks when the SSO type is one we have integrated before — Okta, Google OAuth, Duo, Salesforce, Azure / Microsoft. New protocols add engineering time on the front end, which we flag on the first technical call.

What happens if an advisor has a mid-engagement question?

The Hargrove Firm attorney assigned to that client is the first stop — they are handling the legal work and have the full context. For portal, process or partnership-level questions, the relationship manager is the direct contact.

What if our SSO isn't one of the standard ones?

We can still integrate — it adds engineering time on our side. We have stood up integrations across most major identity providers, and our engineering team will scope the timeline accurately on the first technical call with yours.

Does a regional rollout slow down the first referrals?

No. Each region goes live as it is trained, so referrals begin from the first session rather than waiting on a single firm-wide date.
